

Exhibitor Terms and Conditions

We at ISEM 2013 look forward to an amazing ISEM 2013 Conference! With your help we can make this a reality. Here are our rules and regulations as given to us by the "Centre de services Desjardins-Pollack," Université Laval, where the exhibition will take place.

All exhibits must be brought into the Pavillon Desjardins-Pollack via the designated Shipping/Receiving doors at the back side of the building.

Exhibits must not hinder or obstruct any fire equipment, emergency exits, elevators, stairs or doors.

Deliveries

The Centre de services Desjardins-Pollack cannot accept deliveries more than 48 hours prior to move-in day. *Perishable items must be delivered ONLY on the morning of the event.* Deliveries arriving before that time will be shipped back or stored at the exhibitors' expense. All deliveries should be clearly labelled on the outside, indicating deliveries for the ISEM2013 Conference: "ISEM 2013 - Centre de services Desjardins-Pollack - 31 juillet 2013" (see full address at the end).

Centre de services Desjardins-Pollack is not equipped with ladders, brooms, dollies or other required items. All exhibitors are to bring their own tools to erect their exhibits. All labour requirements for the set up and tear down of an event are the responsibility of the exhibitors and their service contractors.

Set Up/Tear Down

Signs, banners and similar materials may not be nailed, stapled, hung or attached to ceilings, walls or painted surfaces except by special arrangements made with Centre de services Desjardins-Pollack. Tape to mark exhibit floor must be removed at the conclusion of the show. Tape leaving glue residue on carpet and flooring is not permitted. All expenses for cleaning of tape will be charged to the exhibitor.

Exhibits must be removed immediately as per contract when conference is finished.

Electrical Equipment & Connection

The Electrical Safety Code, Québec Regulation requires that all electrical equipment be approved before it may lawfully be advertised, displayed, offered for sale or sold or otherwise disposed of or used in the Province of Québec.

Exhibitors may not store materials on or around any electrical equipment of connections of any kind.

Equipment that trips or quits due to overload may not be restarted until the exclusive electrical contractor has found the source and corrected the problem.

Combustion Engines

Vehicles or other flammable-fuelled engines displayed shall conform to the following requirements:

Fuel tanks containing fuel or which have ever contained fuel shall be maintained less than 1/4 full. Caps for fuel tank fill pipes shall be of the locking type and be maintained locked to prevent viewer inspection. If they cannot be locked, they shall be taped shut. Battery must be disconnected and a plastic sheet to be placed underneath to avoid stains on carpet.

Garden tractors, chainsaws, power plants and other gasoline powered equipment shall not contain any fuel and shall not be used for demonstrations without permission from the Centre de services Desjardins-Pollack Engineering Department and have written authorization.

The electrical system shall be de-energized by either:

- removing the battery, or
- disconnecting both battery cables and covering them with electrical tape or other similar insulating material.

Tanks containing propane shall be maintained less than 1/4 full. Vehicles may be driven in and positioned. Turn ignition off.

Cylinders for barbecues and/or appliances within a vehicle such as stoves, refrigerators, etc., must be empty.

Garbage/Boxes Removal

The official contractor at the licensee's expense will remove garbage from the show floor and the building. If the contractor has not taken care of this during move-in and move-out of conference premises, a labour charge will apply and charge to master account for conference to clean up and remove boxes left on show floor & building.

Food & Beverage Restrictions

All food and beverage is the sole exclusive responsibility of the Centre de services Desjardins-Pollack. Allowances will be made for "Give Aways" such as candies or chocolates. Any other requirements must be received in advance for approval by ISEM 2013 Organizers and also have written authorization.

Security

Portable Spotlights

All clamps on types of portable spotlights should be protected from metal to metal contact by having electrical insulating pads or wrappings permanently attached to the lampholder clamps.

Where a spotlight may be subject to physical damage, dampness or where lamps may come in contact with combustible material, the spotlight shall be equipped with a guard attached to the lampholder or the handle.

Flexible cords (extension cords): may only be used for portable lamps or appliances that are of allowable amperage for this size and type of the three-conductor cord used with power bars.

Fire Regulations

All exhibitors must comply with local fire regulations. Only fireproof materials may be used in displays and wiring must conform to C.S.A of UC specifications. Fire exits and aisles must be kept clear at all times. The exhibitor assumes full responsibility of ensuring that exhibits meet these standards.

Prohibited Materials

Use of the following materials, process or equipment is strictly prohibited:

- Acetate fabrics, corrugated paper box board, no-steam paper;
- Paper backed foil unless glued securely to suitable backing;
- Styrofoam and/or foamcore;
